"Celebration" Marks 50 Years of Your Support for Indiana 4-H

**Your Generosity has allowed the Indiana 4-H Foundation to
Financially Support Indiana 4-H for Half a Century!**

On April 15, the Indiana 4-H Foundation along with more than 200 of its supporters celebrated its 50th Anniversary – 50 years that you made possible! Celebration was a great time of reminiscing about Indiana 4-H and the Foundation. The day also had an element of looking forward to the future of 4-H in Indiana.

The highlight of Celebration was a story workshop funded by Beck's Hybrids and hosted by the Writers' Center of Indiana. During the workshop, attendees wrote out their favorite and most precious 4-H memories. Your stories have been a joy to read. Many of the stories will be included in a 50th Anniversary Story Book that will be released on Amazon.com and other on-line book retailers later this summer.

Left to right, Reba York and Karen and Tom McKinney write about their favorite 4-H memories during Celebration on April 15th. A book released later this summer will include stories collected at Celebration.

"We were thrilled to see so many Indiana 4-H Foundation supporters at Celebration," said Bob Grimm, president of the Foundation Board of Directors. "We know that these past 50 years of supporting excellent youth and proven programs would not have been possible without you, our supporters."

**"We couldn't support
Indiana 4-H without you."**

Indiana Farm Bureau sponsored Celebration. Don Villwock, President of Farm Bureau in Indiana attended Celebration. He affirmed how important it is to support youth development organizations. Randy Barbee, Director of Marketing for supporting sponsor Farm

Credit Services of Mid-America, congratulated the Foundation on reaching a milestone and for its dedication to youth.

We at the Indiana 4-H Foundation value your 4-H experiences, so we worked to make the theme of the day "stories."

We listened to stories about the early days of the Indiana 4-H Foundation from the leaders who were there when it all started. We heard from two different past Foundation scholarship recipients about what the Foundation's support has meant in their lives. Katie Stam also shared some of her 4-H stories - including the time she was "clown for a day" in 4-H!

"We're always thankful for you, our generous supporters," said Shelly Bingle-Coffman, Executive Director of the Foundation. "But especially now as we're reflecting on everything that the Foundation has been able to do in 50 years because of you, we're just overwhelmed with thankfulness for all that you do for the youth of Indiana through us. We couldn't support Indiana 4-H without you."

Lilly Endowment Grant Grows Indiana 4-H Science Initiative

\$208K Grant Will Help Indiana Be On The Leading Edge of Science Industries

Recently, Lilly Endowment awarded the Indiana 4-H Foundation a \$208,000 grant to support new science, engineering, and technology educational initiatives across the state. The Indiana 4-H science initiatives and programs are a response to a growing demand for skilled workers in science fields and are part of the 4-H Science Mission Mandate.

“The United States – including Indiana – is falling dangerously behind other nations in terms of our future workforce in science fields despite increasing demands for such skilled workers and thinkers,” said Dr. Renée McKee, State 4-H Leader. “Indiana 4-H is the largest youth development organization in the state with 210,000 members and, as such, is well-suited to reach Indiana youth with programming and support to help foster appreciation and aptitude for science areas.”

With the Lilly Endowment grant support, Indiana 4-H is working to create a new statewide initiative that would engage science companies across the state with 4-H members. The goal of the initiative is to partner experts in different science areas with 4-H youth to offer engaging and fun avenues to explore science careers.

“Indiana is fortunate to be the home of many small and large science laboratories, startup companies, and established industries,” McKee added. “Volunteers from these organizations will be recruited and trained to be ‘scientist-volunteers’ who work to help improve youth science literacy and help young people develop the skills they need to be successful in science-rele-

vant coursework.” In addition to training science experts across the state to work with youth, the new Indiana 4-H initiative will equip Purdue Extension Educators with new tools and methods to generate excite-

velop a strategy for “science volunteer” recruitment and training. This team will assist their peers with infusing more science programming into local 4-H program efforts.

“If Indiana wants to become more competitive in the in-demand science fields, we have to work with the science experts that we already have in the state,” said McKee. “If we’re going to rely on ‘scientist volunteers’ across the state, we’ll need the help of 4-H staff and volunteers in every county to recruit the science experts who in some instances really are working and developing new technologies in our back yards.”

The Lilly Endowment grant will fund the new science initiative for its first two years and will support everything from staff and volunteer training, to supplies and curriculum. Indiana 4-H hopes to incorporate between 250 and 300 volunteers into the science initiative. If you are interested in becoming a scientist volunteer or learning about science programming in your county, you can contact either Dr. McKee (rmckee@purdue.edu) or Shelly Bingle-Coffman (sbingle@purdue.edu) for more information.

The Indiana 4-H Youth Development Program has a presence in all 92 Indiana counties and is open to all Indiana residents. To find information about how to get your children involved in Indiana 4-H and science programming in your county, visit www.four-h.purdue.edu and click on the “Get Involved” link to access your county’s Cooperative Extension Office.

A young boy learns about alternative fuels during the National 4-H Science Experiment in 2009. 4-H science programming like this - made possible with generous funding from supporters like the Lilly Endowment - can help Indiana be on the cutting edge.

ment about science careers and provide youth members with fun educational experiences.

To assist with the 4-H Science Initiative, a team of Purdue Extension Educators is working with faculty and staff in the Department of Youth Development and Agricultural Education to de-

For questions regarding 4-H youth opportunities, please contact your local extension educator or visit www.four-h.purdue.edu. For questions regarding Indiana 4-H Foundation events, please contact Shelly Bingle-Coffman at sbingle@purdue.edu or 765.494.8483.

Gibson County Tops National Youth Science Day

Southwest Indiana County Reaches Highest Level of Youth Across the Nation

On October 6, 2010, millions of youth across the country participated in the third annual National Youth Science Day (NYSD), but Gibson County Indiana had one of the highest levels of participation across the nation!

The 2010 experiment, 4-H₂O, was designed to aid 4-H youth in being scientists for a day and asking the questions, “Why is water quality important and why is it important to understand it now?”

NYSD supports the Science 4-H Mission Mandate and it is part of the work toward National 4-H’s goal to attract one million new youth to science fields by 2013. The aim of NYSD is to expose youth to varied career options in science fields at an early age. The first NYSD project explored hydrogels and the 2009 project focused on Biofuels. “We’re so grateful to Toyota for sup-

porting NYSD in 2010 and committing to support the 2011 experiment as well,” said Shelly Bingle-Coffman. “When you give to the Indiana 4-H Foundation, you can support programs like NYSD, too. Gifts to science programs make a difference in the lives of Indiana youth

“Think of all the innovative ideas you may be sparking by supporting Indiana 4-H science programs!”

by funding programs that expose them to careers that can change their lives and the future of science! Think of all the innovative and groundbreaking ideas you may be sparking by supporting Indiana 4-H science programs!”

Another way individuals can support Indiana 4-H science programming is by becoming a scientist volunteer. Interested persons can contact the State

4-H Program Leader, Dr. Renée McKee (rmckee@purdue.edu) for more information.

As a reward for having the highest participation levels in youth reporting back their results to National 4-H, Gibson County received \$500 to use for its own science programming.

This year, NYSD will be on October 5. The 2011 National Science Experiment is *Wired for Wind*. The experiment is designed to introduce the millions of youth who will participate in it to the science behind renewable energy.

You can find out more about NYSD in your county by contacting your county extension office or visiting www.four-h.purdue.edu.

Jump into Volunteering – We Need You!

Volunteer Opportunities for You Abound at the Great Indiana State Fair

No state can boast a state fair quite like ours! You can be a part of our Great Indiana State Fair this year by volunteering to help with the Indiana 4-H Foundation booth in Our Land Pavilion.

When you volunteer, you have a chance to make a real difference. You can introduce a family who has never heard of Indiana 4-H to all of the great things that Indiana 4-H can offer. You can en-

courage 4-H families to start supporting the Indiana 4-H Foundation so that we can continue to fund the programs and scholarships that they depend on.

complimentary ticket to the State Fair for each day that you commit to work. If you volunteer for 2 or more shifts, you will also get a coupon for a free milkshake or grilled cheese sandwich

“We need your help to make sure that every person who passes through Our Land Pavilion knows about Indiana 4-H.”

AUGUST 5 - 21, 2011

It's Incredible!

You can earn a complimentary ticket to the Indiana State Fair and make a difference in the lives of others simply by volunteering for the Indiana 4-H foundation.

“For the whole fair, we need three shifts of two volunteers for each day. That’s 102 volunteers!” said Rachel Ravellette, Director of Donor Relations and Marketing for the Foundation. “We need your help to make sure that every person who passes through Our Land Pavilion knows about the excellent work of Indiana 4-H and the Indiana 4-H Foundation.”

When you volunteer, you will get one

from the Dairy Bar, which is adjacent to Our Land Pavilion.

To volunteer or learn more about how you can make a difference, call Rachel at 765.494.8483 or email her at rachel@in4h.org. Check your email, our Facebook page, www.in4h.org, and our Twitter feed to learn more about volunteer scheduling. Thank you for your commitment to Indiana 4-H and the Indiana 4-H Foundation.

Monsanto Chooses Community Service Grant Recipients

Groups Rev Up for Unique Service Projects Across the State

In our Fall 2010 newsletter, we announced a \$10,000 commitment from Monsanto to support community service projects across the state. Funding for community service projects was awarded through a competitive application process. In total, 15 clubs and Jr. Leader groups were selected to receive the \$750 matching grants.

At the 2010 Indiana 4-H Congress, 4-H members attended workshops that taught them how best to apply for grant funding. Steve McKinley, State 4-H Extension Specialist, said, "We wanted to make sure that our members and their leaders had the skills necessary to prepare a community service project plan and application for funding. We always want to put our best foot forward, so we want to make sure that the applications for Monsanto funds were thorough and that they showcased the best that our Indiana 4-H members have to offer."

The following groups were selected to receive community service grants:

- Blackford County 4-H Jr. Leaders
- Marion Achievers 4-H Club (Boone County)
- Perry Future Farmers 4-H Club (Boone County)
- Elkhart County 4-H Jr. Leaders
- Floyd County Lama Club
- Hamilton County 4-H Jr. Leaders
- Huntington County 4-H Jr. Leaders
- Jackson County 4-H Jr. Leaders
- Knox County Horse and Pony 4-H Club
- Lake County 4-H Jr. Leaders
- Ripley County 4-H Jr. Leaders
- Shelby County 4-H Jr. Leaders
- Steuben County 4-H Jr. Leaders
- Sullivan County 4-H Jr. Leaders
- Wells County 4-H Jr. Leaders

The planned projects range from the Jackson County 4-H Jr. Leaders who

assembled and delivered bags of school supplies to Head Start classrooms for the students to use at home to the Knox County Horse and Pony 4-H Club who is planning to design and build a shelter outside its county horse arena. Other projects included a healthy eating habits educational campaign that fits into the Healthy Living 4-H Mission Mandate; renovating a Special Olympics gym facility; and landscaping a Jr. Leader food booth.

"With the help of generous sponsors like Monsanto along with individual donors, we can continue to support programs that teach our Indiana 4-H youth the importance of life-long community service and all the life skills that go along with making a difference," said Shelly Bingle-Coffman.

To find out more about 4-H is making a difference in your community, visit www.four-h.purdue.edu.

New Vehicle Donation Program for Indiana 4-H

When You're Done With Your Car or Farm Equipment, Indiana 4-H is Not!

Recently, the Indiana 4-H Foundation joined up with Insurance Auto Auction's "One Car, One Difference" charity vehicle donation program. When you donate a vehicle to Indiana 4-H through this program, you will reap the benefits of IAA's free vehicle pick-up and auction service. Then you'll get a sales receipt from your vehicle that you can file for a tax deduction.

Many people are familiar with car and boat donation programs. What is unique about the One Car, One Difference program is that not only can you donate your used cars, trucks, boats or RVs, you also have the opportunity to donate your used farm machinery and equipment – even if it no longer runs!

"We're excited about the opportunity that vehicle donation presents to all of our donors – especially those who live on farms," said Shelly Bingle-Coffman. "Indiana 4-H supporters will have the opportunity to donate their used and even un-useable vehicles and farm equipment, then IAA will take care of all the rest – including the haul away! The donors have an opportunity to free up valuable space in their barns and other buildings at no cost while supporting Indiana 4-H youth and reaping tax benefits from the auction of their

equipment. It's a win-win situation."

For more information about how you can donate your vehicle(s) to support Indiana 4-H, visit www.1car1difference.com or call 1-877-557-1CAR and select the Indiana 4-H Foundation as the charity you wish to support.

Vehicle Donation Basics:

- 1) Free Vehicle Pick-Up/Haul Away
- 2) Tax Benefits from Auction of Vehicle
- 3) Available for all types of vehicles - even farm equipment
- 4) Vehicles do not have to run to be donated
- 5) Money from sale of vehicle will directly support Indiana 4-H Youth and Programs.

The Indiana 4-H Foundation has teamed up with Insurance Auto Auction's "One Car, One Difference" vehicle donation program. Now, you can donate your used cars or farm equipment and designate that the proceeds benefit Indiana 4-H.

Indiana 4-H Supporters Cheer on the Boilers

You Can Join us for the 2011 4-H Football Day at Ross Ade Stadium!

Cheers, hamburgers, and a "W" all filled the 2010 4-H Football Day. On September 18, more than 60 Indiana 4-H Foundation supporters gathered for a free family tailgate experience and to watch the Boilers take on Ball State.

A group of Indiana 4-H Foundation friends poses for a picture on the field in Ross Ade Stadium before the September 18 Purdue vs. Ball State Football Game. You can have a similar experience at the 2011 4-H Football Day on October 8.

"Our close connection with Purdue University through the Cooperative Extension Service is a great working relationship. It also means that we can get access to some great Purdue events," said Shelly Bingle-Coffman. "We are so thankful for you – our supporters – that we are thrilled to be able to organize events like a football day. You do so much for Indiana 4-H – you deserve a great thank you!"

"You do so much for Indiana 4-H - you deserve a great thank you!"

Two Indiana 4-H Foundation supporters, Mark and Judi

One of the highlights of the day was an on-field experience. Before the game, several of the attendees were able to tour Ross-Ade Stadium and even walk on the field!

The 2011 4-H Football Day will be October 8 when Purdue takes on the Min-

nesota Golden Gophers. Once again, a free family tailgate will take place prior to the game in the parking lot behind the softball field. Game tickets are available at a reduced rate of \$39. If we sell 100 tickets for 4-H Football Day, we will be able to participate in the on-field experience again.

Merkel, have enjoyed bringing their grandchildren to 4-H Football Day for the last several years.

"4-H Football Day is fun and exciting for any family," said Judi. "I always run into 4-H friends which makes the day special and a great way to support 4-H. Our grandkids have a great time and

**Mark your Calendar:
2011 4-H Football Day
October 8
Purdue vs. Minnesota**

gain exposure to a college atmosphere."

For the Merkel's grandson, the highlight of the day was the grilled hamburgers at the tailgate! The Indiana Beef Council donated the hamburger patties in 2010.

Watch www.in4h.org, our Facebook page, our Twitter feed, and your email for information about when tickets become available for the 2011 4-H Football Day. Or call 765.494.8483 or email info@in4h.org for more information.

Foundation Honored with Director's Award

Award Recognizes Great Strides of the Foundation in Recent Months, Years

During the November 10 Purdue Extension Awards Banquet, the Indiana 4-H Foundation was honored with the 2010 Director's Award. The annual award is presented based on several different criteria including contribution and service to Extension. Robert Grimm, the president of Foundation Board of Directors, accepted the award.

"This distinction would not have been possible without you, our supporters," said Grimm.

"The Foundation Board and staff continue to work hard for Indiana 4-H. But without your generous, continued, and increasing support, we wouldn't be able to fund vital Indiana 4-H programs."

"Without your generous, continued, and increasing support, we wouldn't be able to continue to fund vital Indiana 4-H programs."

Dr. Chuck Hibberd presented the award. Dr. Hibberd is the Director of Extension

at Purdue and a dedicated supporter of the work of the Indiana 4-H Foundation. Hibberd said that the Director's Award recognized "excellence beyond expectations in building financial support for Indiana 4-H" and the efforts of the Foundation to strengthen ties with Purdue Extension.

To learn more about how the Indiana 4-H Foundation is working to increase support of Indiana 4-H, visit www.in4h.org.

2010 Honor Roll of Donors

Thank you for Supporting Purdue 4-H Resource Development and the Indiana 4-H Foundation!

We can't thank you – our generous supporters – enough for giving to the Indiana 4-H Foundation and 4-H Resource Development at Purdue. **Because of your generosity, in 2010 nearly 75 cents of every dollar you gave went directly to Indiana 4-H programs and scholarships.** Thank you!

Some of you have had questions like this: “What’s the difference between the Indiana 4-H Resource Development at Purdue and the Indiana 4-H Foundation?”

First, let’s start with the main similarity between the two. **No matter if you donate to 4-H Resource Development or the Indiana 4-H Foundation, your money is used to support Indiana 4-H.**

"We can't thank you enough for giving. Thank you!"

The Indiana 4-H Foundation is an independent 501(c)3 non-profit organization that works to raise resources for Indiana 4-H.

4-H Resource Development also supports Indiana 4-H, but it is facilitated by Purdue University. Donating to 4-H Resource Development enables you to take advantage of the same tax advantages as donating to Purdue. Contributions to the Purdue Foundation are deductible as charitable contributions within the limits of the Internal Revenue Code (100% deductible at the Federal level). Indiana taxpayers may take a tax credit of half of their gift to

Purdue.

For a joint return, the maximum credit is \$200 (based on a gift of \$400 or more), and for a single return, the maximum credit is \$100 (for a gift of \$200 or more). The tax credit directly reduces the "bottom line" of your state income tax by reducing the amount you owe in taxes. All it takes is your gift to Purdue and one simple form, the Indiana CC-40. You can ensure that your gift to Purdue is restricted to 4-H by writing “4-H Gift Account #014862” in the memo line.

If you have any further questions, please contact Shelly Bingle-Coffman who functions as both the Executive Director of the Indiana 4-H Foundation and the 4-H Resource Development Officer at Purdue.

Indiana 4-H Hall of Fame: Annabel Rupel

Retired State Extension Specialist Is Well-Known for Statewide Work

Ms. Annabel Rupel was recently named the 2011 inductee for the Indiana 4-H Hall of Fame. Rupel was chosen by the selection committee comprising four officers from the 4-H Youth Development Section of the Indiana Extension Educators Association, one representative from the Indiana State 4-H office, and one Indiana 4-H Foundation designee. Rupel worked in the Purdue Cooperative Extension Service for 30 years.

Rupel joined the Purdue Cooperative Extension Service in 1951, 10 years after graduating with a degree in Home Economics from Manchester College. In the sixties, she became an Extension Specialist for 4-H Youth in the state 4-H office. As a member of the state 4-H staff, Rupel directed the clothing, foods, and food preservation project areas. Additionally, she headed the state dress revue competition which culminated each year with the State Fair Fashion Revue.

In the late 70s and early 80s, Rupel served as the coordinator of Indiana's International 4-H Youth Exchange (IFYE) program. Under Rupel's leadership, the IFYE program flourished in Indiana. She developed a sophisticated interview process for IFYE delegates and then guided each selected delegate

through fundraising and marketing programs as well as travel orientation. Rupel was involved with exchanges and programs in Japan, Poland, England, The Netherlands, Sweden, USSR, and Switzerland. Additionally, in 1974, she took a sabbatical to teach in Nigeria for nine months.

During her career, Rupel was also the adviser to the Purdue Collegiate 4-H Club and the State 4-H Key Club Council. In her three decades of work with Extension, she wrote more than 20 4-H project manuals and brochures. Rupel also had a passion for training Extension staff.

After her retirement, Ms. Rupel remained active in international work as she continued to travel abroad. She also has been an active volunteer in the West Lafayette and North Manchester areas with international events and studies.

Ms. Rupel will be honored at a reception at the State Fair on August 13 and will be formally inducted into the Indiana 4-H Hall of Fame at the 2011 Indiana 4-H Congress on November 5. For more information, call the Indiana 4-H Foundation at 765.494.8483.

Ms. Annabel Rupel (left) poses with her sister Esther at Celebration on April 15. Ms. Rupel will be inducted into the Indiana 4-H Hall of Fame on Nov. 5.

The Indiana 4-H Hall of Fame was initiated in 2009 to honor individuals who have made significant contributions statewide to the Indiana 4-H Youth Development Program. In 2009, Mary Frances Smith became the first member of the Indiana 4-H Hall of Fame. Eric A. Holm was inducted in 2010.

Correction

In our Fall 2010 newsletter, we listed “Colleen Broady and Fred Long” as Crystal Clover donors to the Indiana 4-H Foundation. The listing should have read “Dr. Colleen Brady and Mr. Fred Rosemeyer.” We sincerely apologize for the mistake. As we prepare each newsletter we do our best to make sure that every piece of information is correct. If you spot an error, please help us by alerting us to the problem by emailing info@in4h.org.

It is the policy of the Purdue University Cooperative Extension Service that all persons have equal opportunity and access to its educational programs, services, activities, and facilities without regard to race, religion, color, sex, age, national origin or ancestry, marital status, parental status, sexual orientation, disability or status as a veteran. Purdue University is an Affirmative Action institution. This material may be available in alternative formats.
